ZULSHOF.....

Assalamu'alaikum...

Hi, friends! Greeting from Zulshof, an illustrator based in East Java, Indonesia.

Let me tell you a lil bit about me...

I was born in the beautiful and cozy village. I remember, when I was a kid, I was playing with my friends, and they brought some book. I opened it and I was so enchanted. It was magazine for children, and there were cute illustrations in it. Since then, I spent my day for drawing. I was fall in love with art, especially drawing and still counting until these day.

As I've grown up

I work as a freelance illustrator, currently in a book publishing for some years. Besides, I also do commission artwork on my instagram account.

If you curious, kindly check it out on this Instagram account @projectmenulis.sila, @penerbitkalana. You can find the book publishing that I've worked for.

Anyway...

Thank you for spending time and looking up to this.

It would be so great if we can collaborate or doing any project together.
